

# INTELLIGENT ACCESS MANAGEMENT

MANAGE ADVANCED SITE ACCESS FOR YOUR WORKFORCE  
WITH SOFTWARE THAT CONNECTS TO YOUR ACCESS CONTROL SYSTEM.

Manage site access for workplace procedures.

- Disable workers who have not recently been on site to ensure they cannot access site without being retrained.
- Disable access to a critical location for workers who have not entered the location recently.
- Disable workers who have accessed a location too many times within a defined period.
- Disable workers who have accessed one location from being able to access other locations for a defined period.
- Easily customise reports using the powerful, built in report writer.
