

TAG BOARD, USER SITE STATUS AND EMERGENCY MUSTER

SAFER WORK PRACTICES, ENHANCED SITE SECURITY AND IMPROVED EMERGENCY PLANNING RESPONSE WITH SOFTWARE THAT CONNECTS TO YOUR ACCESS CONTROL SYSTEM.

Do you know who is currently on site at any given moment ?

Can you locate workers on site with the required qualifications to handle any critical situation ?

Do you have the skill sets on site to perform current projects ?

Can you account for every worker on site in an emergency situation ?

Use Tag Board, User Site Status and Emergency Muster to :

- Display the number of workers on site or in a location.
- Display the number of workers on site from any company or department.
- Display the number of workers on site with required qualifications or skills.
- Manage emergency muster situations including multi site scenarios.
